He, a 1960 graduate of Albany High, is also attending law in Stockton, studying for Doctor's Degree.

It is nice to hear such good about a former AHS graduate.

According to the "grapevine," Albany Police Officer "Johnnie" Johnson won't be completely out of touch with Dept., as he will still be listening to local activities on his broadcast monitor. Would he be too surprised if at times forgets he's retired and high- it to the "scene of the crime."

Albany Fire Dept. now has a booklet "About Baby Safety Seats" available. Anyone interested in obtaining a copy should contact Capt. Ray Gonzales at 525-7141.

Children's Friend Retires From Albany Police Dept.

Bernard Johnson

Veteran Albany Police Officer Bernard "Johnnie" Johnson has retired after 26 eventful years of service to the City, and will be honored at a retirement dinner to be held at the Fratellanza Club, 1140 66th St., Oakland, Saturday, July 21.

Son of a police officer, Johnnie joined the Albany Police Dept. on May 1, 1947, as a probationary patrolman, and was appointed as a regular member of the police force six months later.

In his long career as an Albany Police Officer, Bernard Johnson served as Bicycle Bureau officer for 20 years, and operated the radar unit on the day shift since the Department purchased its first set in 1958.

Assigned to Traffic Safety Education, Johnnie will long be remembered for his years of teaching traffic safety to kindergarten and primary school students over the past 20 years. For many of the children, meeting Officer Johnson was their first contact with a policeman, and they learned that a law enforcement officer is their "friend." Aided by a friend, Johnnie built a child-sized traffic signal to educate the youngsters in the "how and why" of traffic lights. The signal is still used on occasions, and no one would be surprised to see the retired policeman visiting the schools with it in the future.

Johnnie's most harrowing experience was a high-speed, bullet-punctuated chase of two men wanted for robbery, burglary, kidnapping, auto theft, and attempted murder, on October 31, 1957. The latter charge, according to newspaper clippings, stemmed out of the running gun battle with pursuing officers, during which 45 caliber bullets slammed into the police car of Albany Officer Bernard Johnson.

Williams Elected To State VFW Post

Jerry Williams has been elected to the office of California State Junior Vice-Commander of the Veterans of Foreign Wars, at the 53rd Annual Dept. of California Convention.

Williams, a 29-year Federal Civil Service employee, works as a quality control officer at Lockheed in Sunnyvale, and resides in Albany with his wife, Estelle, an active member of the VFW Ladies Auxiliary.

He has been a continuous member of the VFW since April, 1943, when he joined while serving overseas and has held various offices at both local and Dept. levels. He is past chairman of the Alameda County Veterans' Affairs Commission's Veterans' Day Committee (serving two terms), and served three terms as the Committee's Parade Chairman.

One crashed through the windshield, spraying splinters of glass over Johnson's face. The copper jacket from the bullet struck Johnson's cap near the shield. The retired officer has kept the cap as a souvenir and reminder of his close brush with death.

With Albany's Officer Johnson in the lead, policemen from both the Berkeley and Albany Police Depts. closed in and captured the culprits and were able to return the entire "loot" to the rightful owners.

As a result of this, the Albany City Council issued a special resolution citing Officer Bernard Johnson for police work "above and beyond the call of duty."

Others who commended him at the time included: Police Chief Ralph Jensen; Administrative Assistant to the Albany Council, Bob Olson; Judge Louis J. Hardie of the Berkeley-Albany Municipal Court; Berkeley Police Officer J. D. Holstrom and Rev. A. O. Odegard of the First Baptist Church of Albany.

It is sad to note, that although all of the above persons were quick to commend Officer Johnson for his courageous action in aiding in the apprehension of the criminals and recovering the entire loot of \$50,000 stolen from a fashionable Berkeley residence, the victims themselves, never thought of thanking the policeman whom they probably assumed was just "doing his duty."

A past president of the Albany Police and Fire Civil Service Club, and a member in good standing until his retirement, Johnson was also a member of the Albany Police Officers' Association. He and his wife, Bernice, are also a past-president of the MacGregor School PTA. He is currently a member of Bayview Aerie 2323 of El Cerrito (Fraternal Order of Eagles), and because his hobby is model railroading, he is also a member of the National Model Railroaders Association.

The Johnsons have made their home in Albany, on Key Route Blvd., for the past 28 years, and unlike many recent retirees, are planning to remain in Albany among the many friends they have made over the years.

Bernice and Johnnie have three children. Their oldest daughter, Barbara, now Mrs. Fernando Carmacho, resides in Imperial Beach in Southern California. Beverly, Mrs. Mario Feusier, lives in El Cerrito where her husband, who manages a Berkeley canned food outlet, and their 5-year-old daughter, Lisa, delights in visiting the Johnsons, so she can "play out in the shop with Grandpa." The Johnsons' son, Bernie, currently resides with them and works for the canned food outlet managed by his brother-in-law.

The Johnsons are planning to visit the Carmachos in Southern California later this year. In the meantime, Johnnie will spend some of his time updating the long-used school traffic signal he made years ago, so that this coming year's crop of kindergartners can learn the "rules of the road."

Tickets for the dinner, at \$6.50 each, are available at the Albany Police Dept., 1000 San Pablo Ave., or the Albany Times office, 1240 Solano Ave. Cocktails at 6:30 p.m., will be followed by dinner and the program at 7:30. The public is cordially invited to attend to honor this long-time friend of the community. Reservation deadline has been set for July 19.

Do You Know About The Senior Citizens' Tax Law?

Only 125,000 California homeowners, 62 years of age or older, have filed their 1973 claims for reimbursement of their 1972-73 property taxes, under the California Senior Citizens Property Tax Assistance Law.

According to State Controller, Houston I. Flournoy, these claims must be filed before October 15 to be valid. The law provides for the reimbursement of up to 95 percent of property taxes, depending upon the individual's income. Assistance payments for 1972 totaled \$59 million, for an individual average of \$202.

To be eligible for Senior Citizens Property Tax Assistance, claimants must be 62 years of age or over, own and occupy

Red Cross Offers First Aid Course

Four separate complete Multi-Media First Aid courses will be given at the Berkeley Chapter, American Red Cross, 2116 Allison Way, Berkeley, on Saturdays, July 14, 21 and 28, and August 4, from 8 a.m. to 5 p.m. Standard Multi-Media First Aid Certificates will be issued to those successfully completing any one of the sessions.

Advance registrations for the course are necessary and may be made by phoning the Red Cross office, Call 845-1430, Ext. 50. Classes are opened to anyone at least 14 years of age or who has completed the eighth grade.

The Multi-Media instructional system presents first aid skills to trainees in brief, filmed demonstrations followed by practice under the supervision of certified instructors. Trainees then progress through a workbook and are tested on the subject matter learned through films, practice sessions and workbooks.

A fee of \$5 will be charged to cover the cost of workbooks and other materials required in the course. Red Cross instruction is free.

Mental Health Dist. Seeks Albany Site, Council Approves Budget

A communication from Albany's Deputy Health Officer, Harold Van Coops, read at Monday night's Council meeting, indicated that the Berkeley-Albany Mental Health District is seeking an Albany site for a district headquarters and a treatment center, to replace the present center, which is being phased out at Herick Memorial Hospital in Berkeley.

The proposed site is the house next to and owned by Albany Hospital.

City Administrative Officer James Turner indicated that Dr. Robert McMahon, Albany Health Officer, felt it was "worthy of a try" and was urging "favorable consideration" by the Council.

At the request of Mayor Lewis Howell, Council members agreed to hold a work session on the subject at 7 p.m. next Monday

Bond Committee Presents Report

"We certainly intend to try again," Jim Lamb, chairman of the A & B Bond Committee, told the Albany City Council last Monday night, as he gave his report and recommendations concerning the recently defeated bond proposals.

Lamb stated that his committee had worked diligently and honestly to inform Albany voters as to just what the issues were, certain that when the people realized the importance and need they would vote "yes" for the new school and recreational facilities.

Citing that, although tax reappraisal notices were received just a week before the election, and that the Albany teachers' strike and a spurious circular opposing the bonds may have been instrumental in the defeat, only 49 more votes were needed to pass Measure "A." He also noted that most of the verbal opposition centered around Measure "B" and a misunderstanding about the need for a second swimming pool in Albany and other recreational facilities to be located in University Village.

Lamb also informed Council members that his Committee would like to survey Albany voters to find out what, in their opinion, defeated the bond proposals, and what proposal they would be in favor of.

Mayor Lewis Howell said: "This was not a defeat, just a setback." He also indicated that there was very strong support for the bond measures by Albany senior citizens, especially in his own neighborhood.

The Mayor suggested a work session be held with Bond Committee members, the City Council and the Albany Board of Education, to work out a future bond proposal "that the people of Albany will accept."

No date for the work session was set.

AME Association Changes By-Laws

The Albany Municipal Employees Association have voted to change their by-laws to allow for a more liberal membership. Realizing the fact that most city departments are now dependent on union representation concerning working conditions, etc., the AMEA has decided it can best serve its members as a strictly social group.

Tony Kalberer, AMEA president, is encouraging all retired members of the various city departments to join, and spouses of retired members will also be eligible for membership, without voting status.

The Association also anticipates a reduction in the dues structure.

The AMEA meets every third Thursday, with a potluck dinner and a short business meeting taking place in the Albany Senior Center, 850 Masonic Ave. All retired and regular City employees are welcome to attend.

The Court of Honor for Albany Boy Scout Troop 12, was held recently at St. Alban's Church, with Scoutmaster Walter Corvello presiding over the Scout Investiture ceremony.

Six boys were welcomed into the Scout Troop. They were: Craig Wong, Ken Hixson, John Tyler, Peter Van Eckhardt, John Morrison and David Finley.

Advancement recognitions were made to: David Finley, Tenderfoot; Larry Walker, 2nd Class; David Corvello, 1st Class; and Sam Goldberg and Sandeep Mutha, Star.

Sandeep Mutha also received his Swimming Badge, and Sam Goldberg his Personal Fitness, Auto Safety and General Science badges.

Other awards were made to David Finley, Swimming and Fishing; Mike McCool, Reading; Mark McCool, Swimming and Reading; and Richard Corvello, General Science.

At the conclusion of the Court, which had been officially opened by Thomas Thomson, Institutional Representative, and conducted by Committee Chairman Jim Morrison, the American Legion patch was presented to David Corvello, and Russ Klonsky was named Den Chief.

The Court of Honor was organized by Shantill Mutha, Advancement chairman, who was assisted in making the award presentations by Walter Corvello, Ed Goldberg, Chuck Hazarabedian, Frank Besette, Jim Morrison and Bob Held.

Dario Meniketti is publicity chairman for the Troop, which is sponsored by Albany American Legion Post 292, and meets each Wednesday evening at 7:15 p.m. at St. Alban's Church.

All interested boys are invited to attend.

evening, immediately preceding the regular Monday night Council meeting.

The Council also approved the appointment of Mrs. Beverly Anne Feusier to a probationary period as stenographer in the office of the City Administrative Officer, effective July 16.

The tentative map for Tract 3528 of the Interstate General Corp.'s Albany Hill project, submitted by Vice-President Eugene B. Hill, was referred to City Attorney Larry Saler. In his cover letter which accompanied the map, Mr. Hill indicated that "upon approval, we will be able to proceed with other documents to enable us to apply for a Preliminary Public Report (pink slip) from the State of California Department of Real Estate."

The four Council members present at Monday night's meeting (Councilman Richard Clark was absent) also approved Resolution No. 73-64, authorizing the City to sign an agreement with the State of California's Cooperative Personnel Service Division to perform examining services for

In discussing the 1973-74 budget, Mayor Howell noted that although the \$2.04 tax rate indicated a five-cent increase, the Council had really "held the line," because the five-cent increase was due to a recent court decision concerning pension payments which had been previously misinterpreted in the City Charter, and not due to any budget item increase on the part of the City.

Under the "Good of the City," Councilman Joe Carlevaro commented on the fact that three attempts had been made to destroy newly-planted trees at Memorial Park, with the most recent and successful attempt made on last Saturday evening.

He requested that the Park Dept. be requested to replace the trees and the Police Dept. be asked to keep the park under close surveillance.

Mayor Howell, stating that the Park belongs to the citizens and is there for them to enjoy, asked that anyone noticing persons destroying park property report it immediately to the Albany Police Dept.

City Attorney Larry Saler, in answer to a question posed by Councilman Hubert Call, indicated that it would be quite possible (legally) for the City to offer a reward for information leading to the apprehension of anyone found destroying City property.

Albany resident Dario Meniketti asked that Council members and residents write to Sacramento protesting the 1-cent sales tax increase, and to the Federal and State Legislatures regarding the "hoax of the century"—the petroleum shortage.

Services were held at the Ellis-Olson Mortuary, Tuesday, July 10.

Alfonso (Al) Radford, Albany High School instructor in the Social Studies Dept., left last week on a 5-week study and travel tour, which will take him to London, Athens, Rome, Milan, Switzerland and Paris.

Accompanying Radford on the trip will be many students from Albany, Berkeley, Hayward and other West Coast regions. Those from Albany include: Raecine Alvarado, Vera Boyovich, and Sherrill Mims.

This is the second trip the Albany High instructor has made as teacher-counselor under the American Leadership Study Groups of Worcester, Mass., and will feature weeks of study and touring for the London-Rome-Paris group at the Universities of London, Rome and Athens, plus a 4-day cruise of the Greek Islands in the Aegean Sea.

Radford, who lives in El Cerrito, travels annually to various parts of Mexico, accompanied by his wife, Allene and daughter, Sheila.

Planning Clinic at Herrick Memorial Hospital, will be continuing under the sole sponsorship of its Outpatient Medical Clinic, according to William J. Dal Cielo, a hospital assistant administrator. Previously, the clinic was operated in cooperation with Herrick Hospital and the City of Berkeley.

The Family Planning Clinic offers counseling and referral services concerning pregnancy tests, abortions, infections and other general medical problems; as well as an informal, relaxed session where a complete explanation and proper use of birth control devices is presented, with staff members and public health nurses available to answer questions concerning contraception.

Anyone seeking consultation services or an appointment, is urged to call the Herrick Hospital Medical Clinic, from 8 a.m. to 4 p.m., Monday through Friday. The number is 845-0130, Ext. 361.

Is That Service
Call Necessary?

The Department of Consumer Affairs offers some tips to consumers about servicing your washer and dryer.

Having a dependable washer and dryer is a great convenience for the consumer who uses them daily to turn out load after load of laundry. Because today's appliances are dependable, we tend to take them for granted. They offer more services, work better and are more dependable than ever before.

Sometimes laundry equipment can act up, stop dead, or worse, flood. The first impulse is to reach for the phone and call a serviceman, but is that really necessary? Maybe you need the service—but maybe not. National figures show that 1/3 to 1/2 of all service calls are unnecessary and \$50,000,000 a year is wasted on these unnecessary calls. Many times a machine is just protesting improper use in the only way it knows how. The most common problem is solved when the serviceman plugs the machine in or replaces a burned out fuse. The Department of Consumer Affairs suggests that before you call a serviceman, check your appliance handbook. The following reasons for your washer or dryer not working can often be corrected by the homemaker.

1. Controls set incorrectly.
2. Water faucets are shut off.
3. Drain hose improperly connected or kinked.
4. Drain hose clogged with small articles.
5. Load unbalanced.
6. Lid is open slightly.

BBB Offers: 'Let Us Check On
Those Too-Good-To-Be-True Jobs'

It is once again that time of year when high school and college graduates are seeking summer employment, and the Better Business Bureau warns all job seekers to thoroughly investigate those "too-good-to-be-true" offers, especially overseas employment enticements filled with exotic lures.

B. Charles Wansley, BBB president, states that since late 1972, a concern, now located in Berkeley, has been advertising in college papers nationally, claiming extraordinary monthly salaries and a misleading urgency that many jobs await applicants throughout the world.

Erroneous claims of U.S. tax write-offs do not include the fact that a resident working in a foreign country is also subject to that country's high tax rate, and although this firm claims, "... we positively guarantee you find overseas employment within two months. . . .", it is not a licensed employment agency.

As is typical of this operation, their major "selling fee." In exchange, the firm will provide of U.S. businesses around the world. But, seeker, now on his own, weeks of waiting, could ten a similar list from library or Dept. of Housing sources—free of charge.

Another California firm in Castroville, advertises "tour guide assistants, them traveling expenses room and board in Arizona. Just another 'selling fee' gimmick, with your exchanged for their addresses.

If in doubt, call your local Business Bureau and they'll investigate employment opportunities that sound too good to be true, and save you money.

Have You Heard?

(Continued from Page 1)

...the train operator doesn't have to steer or worry about changing traffic, or even crazy changes (as the driver of a transit bus does). However, the bus is allowed to travel at 60 mph! How do you account for this???

Welcome home to Private Robert Dalton, who is home on leave from Fort Polk, Louisiana, after completing his first year of service with the U.S. Army, and hopes that his former classmates and friends will drop by the family residence to see him.

Robin, son of Mr. and Mrs. Marvin Dalton of 629 Carmel Ave., had the usual mishaps that accompany flying these days—including late planes and lost baggage. In fact, he lost the bag which contained all his uniforms which he was bringing home to give Mom sew his insignias on. He hopes they have located them now.

And speaking of local boys in service—Airman Ronald P. McKean, a 1972 Albany High School graduate, has been assigned to Sheppard Air Force Base in Texas after completing his basic

training at Lackland AFB. He'll now be taking specialized training in the civil engineering mechanical and electrical field.

And...Marine Private First Class Timothy Sparrow, son of Mr. and Mrs. Orville Sparrow of Kensington, has reported for duty at Camp Pendleton in Southern California; while Harold Johnson of Dartmouth St. has been promoted to Coast Guard Dental Technician Third Class at the U.S. Coast Guard Training Center in Alameda.

We hear that Goetz, Hallenbeck & Goetz, architects for the Interstate General Albany Hill project have received the 1973 Grand Award for Architectural Design Excellence from the City of San Leandro.

The award was received for the design of an office building, part of the first phase of the San Leandro Airport Industrial Complex. The building is being constructed for the San Leandro-based industrial developers, Reynolds & Brown.

The recent Albany Men's Golf Association Touney and Family Barbecue (a first for the club) at Sonoma National was a complete success, with the tournament running smoothly (in spite of a large number of participants), under the chairmanship of Wayne DeTar, Mickey Etingoff and Ockie Ouy.

A bountiful barbecue followed the game, with gourmet chefs Vince Brigante and Gus De Maria manning the grill (and turning the steaks out "to order").

Next big affair for the AMGA will be their Monterey trip, Oct. 6-7, when they will be playing at the Laguna Seca and Carmel Valley courses.

Church News

This Sunday morning at the First Baptist Church, the message will be entitled "Like A Mustard Seed." In the evening the sermon will be "The Best Test." Both messages will be brought by Pastor Larry R. Campbell. A soloist will be featured at both services. The morning worship is at 11 and the evening service is at 7:00.

Nursery care for children is available during the services. Sunday School classes for children and adults continue through the summer at 9:45 a.m. each Sunday.

Rev. Vernon P. Alexander will preach on the subject "Marriage," at the 10:30 a.m. worship service on Sunday, at the Northminster Church, 545 Ashbury, El Cerrito. This is the second of a two-part series, with "feed-back" from the congregation encouraged.

Janice Jones will present special music on the organ and piano, and child care will be provided.

The "Free To Be Me" class for women will be held on July 13, July 27, Aug. 24 and Sept. 7.

A Vacation Church Bible School will be held at the School of the Madeline, 1225 Milvia St., Berkeley, from 9 a.m. 'til noon, Aug. 13-17.

This unique ecumenical venture will include music, films, worship, games and art. For further information please call 524-4401.

Families from the Northminster Presbyterian Church in El Cerrito have planned a "family camp-out" at San Mateo Memorial Park this weekend.

Note of Thanks

A grateful thank you to the Albany Fire and Police Departments, for their promptness in responding to my emergency call, when my husband had breathing problems.

We truly appreciated their efficiency, kindness and help.

Sincerely,

Fire Captain Says Let's Boycot Automobile Fires

(This article is a continuation of the series on fire prevention and how to cope with emergencies in the home, prepared by Captain Ray Gonzales, Fire Prevention Officer for the Albany Fire Dept.)

According to Albany Fire Captain Ray Gonzales, along with your spare tire and other car emergency equipment, there should be a fire extinguisher. All motorists should keep this item handy and know how to use it.

In Case of an Engine Fire:

1. Turn off ignition and remove all passengers from the car. Then have someone call the Fire Department. Immediately, as a car fire can get out of hand very quickly.

2. Raise the car's hood very carefully, being sure to protect your hands and face from any sudden flame that may flare up.

3. Keeping back, aim short bursts from the extinguisher at the base of the flames. Be sure not to exhaust the extinguisher, because the fire could restart and you may need to use the extinguisher again.

Have a 2½ pound or larger size dry chemical or CO-2 type extinguisher available. A multi-purpose ABC is the best and most suitable for all types of fires. Make sure it is either a UL, FM or ULC listing. Above all—don't rely on "beer can" size extinguishers.

In Case of an Upholstery Fire:

1. Water is the best extinguisher to use in this case, unless an ABC type is available. The important thing is to soak the upholstery thoroughly. Snow, sand or even dirt can be used to extinguish the fire if nothing else is available. Dry chemical or carbon dioxide extinguishers will knockdown upholstery fires, but will not extinguish them completely.

2. Remove the smoldering seat from the car if possible.

CAUTION: upholstery fires can smolder, unnoticed, deep down and then burst into flames hours later. Be certain that the fire is completely out before leaving the scene.

To avoid car fires, get any fuel or electrical troubles repaired immediately, and take special care with cigarettes and matches.

In case of a car accident, remove all persons immediately from a car with a gasoline leak. Unseen gasoline vapors spread fast and can flash into a dangerous fire upon contact with an electrical spark, or a spark from a match or cigarette. There should be "no smoking" near accident scenes.

Captain Gonzales also warns — "Don't attempt to fight a fire in or around a gasoline tank, it's just too dangerous."

'Friends' To Hold Weekend Book Sale

Book collectors are invited to expand their libraries by shopping at the Albany Friends of the Library's Annual Book Sale, Friday and Saturday, July 21 and 22, from 10 a.m. to 4 p.m. at the Cornell School cafeteria. Cornell School is located at 904 Talbot Ave., but the cafeteria may be entered from Cornell Street.

The books and magazines offered for sale cover all subjects, including several kinds of fiction, foreign language materials, and children's books. Albany Librarian Maria Jay states, "We are keeping the prices very low. Most of the material will go at almost give-away prices."

For further information call the Library at 526-3720.

The Mail Bag

Editor, the Times:

Speaking for the Friends of the Albany Library, I wish to thank the Albany Times for the generous and outstanding publicity it gave to the "Thursday-at-the-Movies" free film series, to help make our 13-week-long film program a real success.

This was our first attempt in presenting free movies to the public. It was our aim to determine if there was a need for a free general interest film series in Albany, and then to find out if we could fill that need.

During our three-month film series, we presented a wide range of subject matter. We attracted people from several neighboring communities—people of all age levels and of many ethnic groups.

We were delighted with the high attendance and the many complimentary remarks made by the patrons.

All-in-all, we, the Friends of the Albany Library, feel that our first experiment in presenting free films achieved success, and in addition to providing needed entertainment for many, also added in some measure to the cultural enrichment of the community.

We owe much to the Times for our success. Once again we thank you.

Sincerely yours,
DARIO MENIKETTI
Film Coordinator for the Friends of the Albany Library

Meditation Lecture At Albany Library

A lecture on the subject of Transcendental Meditation will be presented at the Albany Public Library on July 14th at 2:00 p.m. Transcendental Meditation, better known to its practitioners as T.M. is an effortless, natural technique to provide deep rest and relaxation to the mind and body and unfold the full value of individual creativity.

The speaker for both lectures will be Mr. Thomas Durbin, who has recently returned from Spain where he studied under Maharishi Mahesh Yogi, the man responsible for bringing T.M. to the West. Mr. Durbin graduated from San Francisco State College in 1965 with a degree in English Literature. He worked for some time as a social worker in the San Joaquin Valley and also served in the Economic Opportunity Program supervising a child care center in Woodlake, Tulare County. At that time he became interested in a more profound integration on with nature and began a study of horticulture and landscape design, in which field he has concentrated for the last four years.

Couple Planning A January Wedding

Mr. and Mrs. Clint Lewis of Richmond have announced the engagement of their daughter, Glenda Lee, to Larry Wayne Belote of Albany.

Glenda is a graduate of Presentation High School in Berkeley, and also attended college in San Francisco. She is presently employed as a dental assistant. Her fiancé, son of Bud Belote of Albany, and the late Mrs. Mary Louise Belote, is a graduate of Albany High School, and works as a custodian at a high-rise complex in Emeryville.

The couple plan to be married in January, 1974.

for your property tax refund if you have not already done so. All seniors 62 and older, living in their own homes, are eligible to file. Mrs. Jean Rutherford is now at our Center on Tuesdays only, from 1 to 4 p.m. to help you fill out these forms. You are urged to take advantage of her help. Your saving on this refund can be considerable.

The Begonia Garden trip has been planned by Beulah on Monday, Aug. 13. This garden is located in Capitola, which is south of Santa Cruz. This is a beautiful place with a picnic area, hanging baskets with flowers, and the entire area ablaze with begonias with their clustered, showy flowers and their handsome, ornamental leaves. This is truly a flower-lover's paradise.

The cost of the trip is \$5.50. Bring your own lunch—Beulah will serve hot coffee. (She also has a surprise stop on the way back home at which refreshments will be served, but she is keeping the details of this a secret.) Remember to bring your camera! Whist and pinhole cameras will continue for the remaining Wednesdays in July from 10 a.m. to 12 noon. On Wednesday, Aug. 1, we shall begin contract bridge lessons during the same time.

Please phone 526-1601 for more information about any of our activities.

Senator Seeks Postponement Of Smog Control Device Deadline

State Senator John Holmdahl, of Alameda County, has introduced a resolution in Sacramento urging the Air Resources Board postpone the deadline for installation of new, controversial smog control devices on all 1966-70 cars.

According to present ARB plans, all 1966-70 cars must have an approved device installed on transfer of ownership. Moreover, beginning on July 1, 1973, 500,000 California car owners a month will be required to have one of these devices installed at a direct cost of up to \$35 each. By March of 1974, 5,000,000 owners will have been compelled to purchase them.

"If there were reason to believe a significant reduction in air pollution would result from the program," declared Senator Holmdahl, "there would be no reason to request a delay. However, by the ARB figures, even after all these cars are modified there will be only a 15 percent reduction in this one ingredient of smog. In other words, after the owners have invested some \$175,000,000 in these devices, our environment will still receive 85

percent of present oxide or nitrogen pollution from automobiles."

"In addition to this marginal benefit," the Senator noted, "owners can expect poor performance from their cars, increased gasoline consumption at a time of shortage, and possible severe engine damage. Many experts contend that one of the approved devices will cause overheating of the engine and possible valve damage, and car owners will be expected to make their own choice between the approved devices being offered, without any warning of possible damage to their engines.

"Some of the cars subject to this program will be eight years old and are owned by people who can barely afford to keep them running now," Holmdahl continued, "and an expensive engine job would be a financial catastrophe for these people."

"For all these reasons," he concluded, "I have introduced a resolution requesting the Board to suspend its mandatory program until January 31, 1974, in order to give the Legislature time to evaluate its cost to car owners

BBB Says 'Locators' Aren't Really Locating

Irate prospective home renters are reporting their experiences with a new breed of exploiter to the East Bay Better Business Bureau.

"Home locators" are advertising extensively in this area. They claim to provide a rental in a particular area specified by the hopeful tenant for a \$15-\$20 fee.

When a possible rental is provided, the client discovers the facility usually has been rented. Complaints result because the client was misled into believing all listings furnished to him were to be exclusive. Others complain when they fail to locate promised rentals, they are unable to obtain a refund.

Referral lists, complaints discovered, appear to have been gleaned from the classified advertising pages of local newspapers.

What the "locators" promise and what appears in the contracts of agreement differ widely. At least one concern makes it clear in its contracts that the listings are non-exclusive, not guaranteed, and unverified. Although refunds are promised, the contract is explicit that a written request for refund must be made within 10 days.

Consumers who wish to em-

ploy a fee-in-advance method to locate desirable rentals should understand their contract fully and obtain reports from the Better Business Bureau on the experiences of other consumers before signing and paying in advance.

How To Make The Most Of Cheese

Cheese demands proper care for good taste and maximum shelf-life, according to the Dairy Council of America, who suggest that to preserve the original flavor and appearance, cheese should be kept well-wrapped and refrigerated at all times.

"Whatever its variety, cheese should be kept well-wrapped to keep it moist and fresh. The original wrapping is adequate until the cheese has been opened and cut. Then it becomes necessary to cover it with plastic wrap or foil to exclude all air," says Sara Cline, Dairy Council nutrition consultant.

Although wrapping causes mold to grow, this is not harmful and does not affect the eating quality. If mold should develop, simply cut or scrape it off with a clean knife, rewrap the cheese in fresh wrapping and refrigerate.

The type of cheese and care given dictates the cheese shelf-life: hard cheese, such as Cheddar, Swiss, Edam and Gouda, may be kept up to 8 weeks; soft cheeses, like cream and cottage, do not improve with age and should be used within a few days of purchase.

The longer some cheese are kept, even under the best refrigeration, the sharper the flavor becomes. This is due to the continuing curing process of cheese. "Cheese is best served at room temperature," says the Dairy Council nutrition consultant. "Most cheese, except for cottage, tastes best when laid out at room temperature 30 minutes prior to serving time."

New Federal Grant Program To Offer Students Financial Aid

A new college scholarship program, entitled "The Basic Educational Opportunity Grant Program," has been announced by the federal government.

The new program of student financial aid provides for grants of \$1400, less the expected family contribution, for all eligible students who need assistance in meeting educational costs.

For the initial year of program operation (academic year of 1973-74), a student must be beginning his post-secondary education after July 1, 1973. However, a student enrolled in a remedial or preparatory program (whether or not for credit) in an institution of higher education, prior to July 1, will still be eligible.

He must also have been accepted for enrollment in, or be in good standing at, an eligible institution of higher education, which includes colleges, universities, vocational schools, and hospital schools of nursing; and, he must be enrolled as a full-time student in an undergraduate course of study.

An outline of the sequence involved in the making of awards is as follows:

1. A student will complete an Application for Determination of Family Contribution form, which collects only the date necessary for the calculation of "expected family contribution. These forms will be available at institutions of post-secondary education, high

schools, post offices, and other locations easily accessible to students.

2. Once the student has completed the form, he will submit it to a specified agency contracting with the Office of Education to calculate the family contribution. This contractor will not exercise any discretion in the examination of the student-provided date, but will simply make the mechanical calculation based on the formula specified in the "regulations for determination of expected family contribution."

Solving the energy problem will be expensive. For you as well as for us.

More costly fuel supplies, construction schedule delays, high interest rates, inflation and the increasing costs of protecting the environment all add up to higher utility rates.

At PG&E we're doing everything we can to provide you with reliable gas and electric service and to keep rates as low as possible. But rates are higher today and they'll continue to increase.

Here's a closer look at the reasons why:

Higher fuel costs.

Natural gas from Alaska and other distant points will be far more expensive.

The search for new gas supplies, including exploration in Canada and the Alaskan north slope, is expensive. Such gas will cost more and bringing it from greater distances will add to its price. Alternatives such as synthetic gas, gas made from coal, and importing liquefied natural gas could cost even more.

Besides natural gas, only low-sulfur oil is acceptable as fuel in steam-electric power plants under present air pollution control standards. And we have to pay high premium prices for low-sulfur oil.

(When the costs of oil and natural gas go up, so must electric rates, because most of our steam-electric power plants are fueled by gas or oil.)

Construction schedule delays.

Regulatory procedures, involving up to 30 or more public agencies, are taking longer and longer. And new laws and regulations have established more complicated procedures for plant siting and construction. All these slow down construction schedules, and inflation alone is adding substantially to costs during these periods of delay.

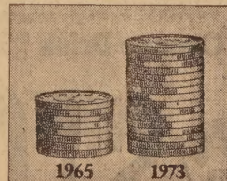

Last year we spent \$48 million to help improve the environment, including underground power lines.

Environmental costs.

It costs more to put power lines underground, to build and landscape esthetically pleasing plants, to minimize stack emissions and to cool the water discharged from power plants. During the period 1973-76, PG&E's environmental expenditures will exceed \$300 million.

Higher interest rates.

Interest rates have almost doubled during the last ten years.

Utilities are "capital intensive" industries. That means money to build new facilities must be raised—in vast sums. Our construction program this year will exceed \$600 million. And interest rates have risen from about

4 1/2% in 1965 to about 7 1/2% today, which adds more millions to the cost of gas and electric service.

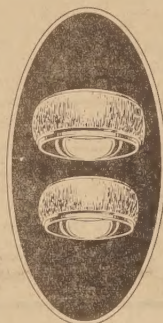

All these things, plus the inflationary pressures which affect every business, add up to higher costs for us and higher rates for our customers.

The era of plentiful energy at bargain rates is ending. Our job is to hold down costs wherever possible, without sacrificing the environment or the quality and reliability of your service. We're working hard to meet that challenge.

You can help—by not wasting gas and electricity.

CITY OF ALBANY PARK & RECREATION DEPARTMENT Schedule of Activities

1000 San Pablo Ave. — Office Hours 8:30 a.m. - 5:00 p.m.

Tots Summer Program
Tots is a summer program for children ages 3 through 5. A variety of activities will be held both indoors and outdoors which will include stories, sand and water play, clay, painting and simple crafts, such as collage. Children will be encouraged to investigate and participate in all the activities. A juice snack will be served.

Two more two-week sessions will be held daily from 9:30-11:30 a.m. at the Albany Pre-School, 850 Masonic, following completion of the first session on July 13. Cost for each session is \$20 for Albany residents and \$25 for non-residents. The fee includes all materials.

Second session: July 23 to August 3.
Third session: August 13 to August 24.

Summer Ceramics Classes
Signups are now being accepted for summer adult and children's hand-built ceramics classes at the Albany Park and Recreation Department, 1000 San Pablo Avenue, Albany.

Adult morning class began on Wednesday, June 27, from 9:30 to 11:30 a.m. Adult evening class began on Thursday, June 28, from 7:30 to 9:30 p.m. Classes will be given for 10 weeks; cost will be \$14, which includes supplies and firing. Children's hand built ceramic

classes started Tuesday, June 19th through August 21, 1973 from 2:00 to 3:30 p.m. Classes run for a period of ten weeks and cost \$10.00. Supplies and firing are included in cost of class. All classes are held at Albany Community Center, 1123 8th Street, Albany under the instruction of Kay Coffee.

Peter Pan Club
The Peter Pan Club is a specialized program for children ages 5-7. A whole array of activities are planned and include music, storytime, indoor and outdoor games, simple exercises and body movement, arts and crafts with emphasis on exposing the children to new vistas in both

areas. Different kinds of scrap materials will be used in crafts. Simple cooking, drama using costumes and trips to local points of interest such as the Fire House, Berkeley Marina, Police Department, Pet Store, Terrace and Memorial Parks will be a once a week phenomena. The out of doors activities will play a big part in the program, nature activities, outdoor play and being in open areas will be an integral part of this years program. During warm weather, trips to Memorial Park wading pool will be arranged. Special activity days such as Costume Day, Popcorn Party, Indian Day, Craft Experiment

Day-and-three-all day-trips by chartered bus will add spice to weekly activities. Once a week children will go to the Albany Library to take out books and listen to a story read by the children's librarian. Snacks will be served each afternoon. Peter Pan Club will be held daily, Monday through Friday, July 23 - Aug. 3 and Aug. 13 - 24 from 1 - 4 p.m. at the Albany Pre-School, 850 Masonic Avenue. The cost is \$20.00 for Albany residents and \$25.00 for non-residents for each two week session.

USDA Choice Is The Big Difference!

WHEN COMPARING MEAT PRICES...COMPARE QUALITY & THE WAY IT IS TRIMMED!

In order to feature lower prices, some other stores buy meat of lower grades. Some others mix USDA CHOICE and lower grades. Some coin fancy names for the lower grades they sell. But at Safeway, every fresh cut of steak and roast of beef is USDA CHOICE grade. The grade that is awarded to meat that will deliver tender, juicy, flavorful cuts.
